Corpus Christi Girls' National School

Data Protection Policy Corpus Christi GNS

1. Introductory Statement

This Data Protection Policy applies to the personal data held by the school and is protected by the Data Protection Acts 1988 to 2018 and the EU General Data Personal Regulation (GDPR). The policy applies to all school staff, the Board of Management, parents/guardians, pupils and others (including prospective or potential pupils and their parents/guardians, and applicants for staff positions within the school) insofar as the measures under the policy relate to them. Data will be stored securely, so that confidential information is protected in compliance with relevant legislation. This policy sets out the manner in which personal data and sensitive personal data will be protected by the school.

Corpus Christi GNS operates a “**Privacy by Design**” method in relation to Data Protection. This means we plan carefully when gathering personal data so that we build in the **data protection principles** as integral elements of all data operations in advance. We audit the personal data we hold in order to;

- Be able to provide access to individuals to their data
- Ensure it is held securely
- Document our data protection procedures
- Enhance accountability and transparency.

2. Data Protection Obligations

The school Board of Management is a *data controller* of *Personal Data* relating to its past, present and future staff, students, parents/guardians and other members of the school community. As such, the Board of Management is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988 to 2018 which can be summarised as follows:

- **Obtain and process personal data fairly:** Information on students is gathered with the help of parents/guardians and staff. In relation to information the school holds on other individuals (members of staff, individuals applying for positions within the school, parents/guardians of students etc.), the information is generally furnished by the individual themselves with full and informed consent and compiled during the course of their employment or contact with the school. All such data is treated in accordance with the Data Protection Acts and the terms of this Data Protection Policy. The information will be obtained and processed fairly.
- **Consent:** Where consent is the basis for provision of personal data, (e.g. data required to join sports team/ after-school activity/ or optional school activity) the consent must be a freely given, specific, informed and unambiguous indication of the data subject’s wishes. Corpus Christi Girls’ National School will require a clear, affirmative action e.g. ticking of a box/ signing a document to indicate consent. Consent can be withdrawn in these situations.
- **Keep it only for one or more specified and explicit lawful purposes:** The Board of Management will inform individuals of the reasons they collect their data and will inform individuals of the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.
- **Process it only in ways compatible with the purposes for which it was given initially:** Data relating to individuals will only be processed in a manner consistent with the purposes

for which it was gathered. Information will only be disclosed on a “need to know” basis and access to it will be strictly controlled.

- **Keep *Personal Data* safe and secure:** Only those with a genuine reason for doing so may gain access to the information. Personal data is securely stored under lock and key in the case of manual records, and protected with firewall software and password protection in the case of electronically stored data. Portable devices storing personal data (such as laptops) should be encrypted and password protected before they are removed from the school premises.
- **Keep personal data accurate, complete and up-to-date:** Students, parents/guardians, and/or staff should inform the school of any change which the school should make to their personal data and/or sensitive personal data to ensure that the individual’s data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. Records will not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of the fact of such authorisation and the alteration(s) to be made to any original record/documentation should be dated and signed by the person making that change.
- **Ensure that it is adequate, relevant and not excessive:** Only the necessary amount of information required in order to provide an adequate service will be gathered and stored.
- **Retain it no longer than is necessary for the specified purpose or purposes for which it was given:** As a general rule, the information will be kept for the duration of the individual’s time in the school. Thereafter, the school will comply with DES guidelines on the storage of personal data and sensitive personal data relating to a student. In the case of members of staff, the school will comply with both DES guidelines and the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law.
- **Provide a copy of their *personal data* to any individual, on request:** Individuals have a right to know what personal data is held about them, by whom, and the purpose for which it is held.

3. Scope of the Policy

The Data Protection Acts 1988 to 2018 and GDPR apply to the keeping and processing of ***Personal data***. The purpose of this policy is to assist the school to meet its statutory obligations, to explain those obligations to school staff and to inform staff, students and their parents/guardians how their data will be treated. The policy applies to all school staff, the Board of Management, parents/guardians, students and others (including prospective or potential students and their parents/guardians, and applicants for staff positions within the school) insofar as the school handles or processes their *Personal Data* in the course of their dealings with the school.

4. Definition of Data Protection Terms

In order to properly understand the school’s obligations, there are some key terms which should be understood by all relevant school staff:

Data means information in a form that can be processed. It includes both *automated data* (e.g. electronic data) and *manual data*.

Personal Data means data relating to a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or is likely to come into, the possession of the data controller (Board of Management)

Data Controller is the Board of Management of the school.

Data Subject - is an individual who is the subject of personal data.

Data Processing - performing any operation or set of operations on data, including:

- Obtaining, recording or keeping the data,
- Collecting, organising, storing, altering or adapting the data,
- Retrieving, consulting or using the data,
- Disclosing the data by transmitting, disseminating or otherwise making it available,
- Aligning, combining, blocking, erasing or destroying the data.

Data Processor - a person who processes personal information on behalf of a data controller, but does not include an employee of a data controller who processes such data in the course of their employment, for example, this might mean an employee of an organisation to which the data controller out-sources work. The Data Protection legislation places responsibilities on such entities in relation to their processing of the data. The School uses SAGE, POD and Aladdin

Special Categories of Personal Data refers to *Personal Data* regarding a person's

- racial or ethnic origin, political opinions or religious or philosophical beliefs
- membership of a trade union
- physical or mental health or condition or sexual life
- commission or alleged commission of any offence or
- any proceedings for an offence committed or alleged to have been committed by the person, the disposal of such proceedings, or the sentence of any court in such proceedings, criminal convictions or the alleged commission of an offence.

Personal Data Breach – a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data transmitted, stored or otherwise processed. This means any compromise or loss of personal data, no matter how or where it occurs.

5. Rationale

In addition to its legal obligations under the broad remit of educational legislation, the school has a legal responsibility to comply with the Data Protection Acts 1988 to 2018 and the GDPR.

This policy explains what sort of data is collected, why it is collected, for how long it will be stored, and with whom it will be shared. The school and its Board of Management takes its responsibilities under Data Protection law very seriously, and wishes to put in place safe practices to safeguard individuals' personal data. It is also recognised that recording factual information accurately and storing it safely facilitates an evaluation of the information, enabling the Principal and Board of Management to make decisions in respect of the efficient running of the school. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the school and Board of Management.

6. Other Legal Obligations

Implementation of this policy will take account of the school's other legal obligations and responsibilities. **For example**

- Under Section 9(g) of the Education Act, 1998, the parents of a student, or a student who has reached the age of 18 years, must be given access to records kept by the school relating to the progress of the student in their education.

- Under Section 20 of the Education (Welfare) Act, 2000, the school must maintain a register of all students attending the school.
- Under section 20(5) of the Education (Welfare) Act, 2000, a Principal is obliged to notify certain information relating to the child's attendance in school and other matters relating to the child's educational progress to the Principal of another school to which a student is transferring. Upon request, Corpus Christi GNS sends, by post, a copy of a child's *Education Passport*, as provided by the National Council for Curriculum and Assessment, to the Principal of the Post-Primary School in which the pupil has been enrolled.
- Where reports which have been carried out by professionals, (apart from Corpus Christi School staff), are on current pupil files; such reports are only passed to the Post Primary school following written permission having been sought and received from the parents of the said pupils.
- Under Section 21 of the Education (Welfare) Act, 2000, the school must record the attendance or non-attendance of students registered at the school on each school day.
- Under Section 28 of the Education (Welfare) Act, 2000, the School may supply *Personal Data* kept by it to certain prescribed bodies (the Department of Education, TUSLA, the National Council for Special Education and other schools provided the School is satisfied that it will be used for a "relevant purpose" (which includes recording a person's educational or training history or monitoring their educational or training progress in order to ascertain how best they may be assisted in availing of educational or training opportunities or in developing their educational potential; or for carrying out research into examinations, participation in education and the general effectiveness of education or training).
- Under Section 14 of the Education for Persons with Special Educational Needs Act, 2004, the School is required to furnish to the National Council for Special Education and its employees, which would include Special Educational Needs Organisers such information as the Council may from time to time reasonably request.
- The Freedom of Information Act 1997 provides a qualified right to access to information held by public bodies which does not necessarily have to be "personal data" as with data protection legislation. While schools are not currently subject to freedom of information legislation, if a school has furnished information to a body covered by the Freedom of Information Act (such as the Department of Education, these records could be disclosed if a request is made to that body.
- Under Section 26(4) of the Health Act, 1947 a school shall cause all reasonable facilities (including facilities for obtaining names and addresses of pupils attending the school) to be given to a health authority who has served a notice on it of a medical inspection e.g. a dental inspection.
- Under *Children First: National Guidance for the Protection and Welfare of Children* (2017) published by the Department of Children & Youth Affairs, *mandated persons in* schools have responsibilities to report child welfare concerns to TUSLA- Child and Family Agency (or in the event of an emergency and the unavailability of TUSLA, to An Garda Síochána).

7. Relationship to Ethos

Corpus Christi National School is an all girls school that operates according to the rules for national schools and which is under the patronage of the Catholic Archbishop of Dublin. This policy has been drawn up in consultation with staff, parents' representatives and the Board of Management and with reference to the school's mission statement.

'Corpus Christi is a Catholic Primary school in which we strive to learn together in a happy and safe environment, where everyone is valued, respected and encouraged to do their best.'

This document sets out the data protection policy of the school and specifies the means to achieve that policy. The successful implementation of the policy requires the full support and active cooperation of all staff, students, members of the Board of Management and parents/guardians.
